

Honors-Quality Coursework

Overview

- Honors-quality coursework includes courses that are not designated as H or E but have been approved as counting towards Honors requirements by the Honors Faculty Committee because of their additional academic rigor. There are 3 curricular components of the Honors Requirements where students are taking Honors are Honors-quality courses, as follows:
 - Honors/Honors-quality Course Requirement
 - Honors students must complete a minimum of 18 hours of Honors coursework (Honors or Honors embedded coursework, which are designated H or E) or Honors-quality coursework by the time they graduate. Please see the Honors Requirements guide or your advisor for more details.
 - Theme Coursework
 - Honors-quality theme courses are approved theme courses designated as H or E or taught at the 4000+ level (3000+ level for courses from the Department of History and courses cross-listed with 3000+ level Department of History courses).
 - Disciplinary Breadth
 - Honors students will complete one course from each of the following areas:
 - One class must be an honors-quality Arts and Humanities course.
 - One class must be an honors-quality Natural and Mathematical Sciences course.
 - One class must be an honors-quality Social and Behavioral Sciences course.
